## Fighting a Monster Mosquito Season

[Maricopa County Vector Control](#) encourages residents to take an active role in reducing mosquito populations and mosquito-borne illnesses, including West Nile Virus (WNV), by taking the following actions:

- Ensure that swimming pools, spas, and ponds are properly maintained;
- [Report neglected \(green\) swimming pools, spas, and ponds to Vector Control](#);
- Eliminate standing water in gutters, rain barrels, old tires, buckets, or anything that holds water for (3) or more days; and
- Apply insect repellents containing DEET when outdoors where mosquitoes may be present and spray clothing with repellent, as *mosquitoes easily bite through thin cloth, i.e., cotton t-shirts.*
