

Turtle Rock approved paint colors

Body of house must be Frazee 001 White or comparable Dunn Edwards DEW380 and must be a flat finish. It cannot be Navajo or Antique White.

Trim can be either white or dark brown. Garage door must be painted white. Gates may be either white or dark brown to match the trim.

All block walls must be painted white. Exterior front doors shall be steel, wood, or fiberglass. If painted, the doors shall be white or dark brown to match the trim. If the door is wood, it must be stained white or an equivalent dark brown to match the trim.

Security doors must be dark brown or white. If dark brown is not available, black is allowed. Awnings must match the body of the house or the trim.

Homeowners must submit for approval by the Board of Directors prior to any work. A sample of the colors must be supplied with the submittal (paint swatch)
