

Garden Lakes Manor Architectural changes

The Garden Lakes Manor Association and the Garden Lakes Community Association's Covenants, Conditions and Restriction (CC&R's) require homeowners to obtain written approval for any exterior alteration or addition to their property. All applications must be submitted to Garden Lakes Manor **and then to** Garden Lakes Architectural Review Committee. Applications that are approved are approved contingent upon the approval of the Garden Lakes Manor Board and/or Garden Lakes Manor Architectural Committee.

See web site for application and approved color schemes.
