Upcoming Community Meetings

Here is the calendar of scheduled Homeowner Association (HOA) meetings for 2025:

- October 14, 2025
- November 11, 2025

All meetings take place at 6:00pm at the Fire Station 217- 10434 E Baseline Rd unless otherwise noted. We encourage residents to actively participate in your community by attending at least one meeting per year.

Watering Reminder

We'd like to remind homeowners to take extra care with watering, especially along the perimeter walls of your lot. Overwatering near these walls, or placing planters directly against them, can lead to damage and costly repairs. This is particularly important for "party walls," which may be the shared responsibility of both the Association and individual homeowners.

Please check your irrigation systems regularly and adjust watering to avoid pooling or excess moisture near walls. A little prevention goes a long way in protecting both your property and our community.

Friendly Reminder: Complaints

Arizona law (A.R.S. §33-1242 and A.R.S. §33-1803) requires that any complaint submitted to the Association include the complainant's first and last name.

This information will be shared with the homeowner involved in the complaint if requested.

Community Document Updates

We've made some important updates to our community documents! The Design and Landscape Guidelines have been revised, and the newest version is available anytime on the homeowner portal and community website (a copy was also shared by e-blast).

The Board has also adopted a new Owner Complaint Policy. This policy helps make sure complaints are valid, documented, and tied to actual governing document violations. The goal is to resolve real concerns efficiently while preventing unnecessary violation letters or personal conflicts. (a copy was also shared by e-blast).

We encourage all homeowners to take a few minutes to review these updates so you're up to speed on the latest standards and procedures.

Front Yard Landscaping Reminder

With the weather starting to cool down, now is a great time to take a fresh look at your front yard. Over time, plants can be lost or thin out, so we encourage all homeowners to review the community's landscaping requirements for plants, trees, and turf. Please be sure your yard meets the current standards, and remember that any new installations or changes should go through the proper architectural submittal process before work begins. Our Design and Landscape Guidelines and Rules and Regulations are available on the community website for your reference.

Community Website Updates

Have you checked out our refreshed community website yet? It's now easier than ever to stay connected!

You'll find the latest newsletters, the 2025 Community Landscape Schedule (already synced with our community calendar), and announcements about upcoming events—all in one convenient spot. Be in the know with the most up to date events and news.
