PLAYGROUND UPDATE:

After careful study & consideration, looking at costs & materials, the decision was made to use new wood chips at the playground. Cleaning has been increased from quarterly to monthly to maintain the area better. More improvements are yet to come at the playground!

BEAUTIFUL ROADS ARE COMING TO OUR NEIGHBORHOOD!

This is a group effort! Please see map above for dates that your home will be affected. During this time, THE ROAD WILL NOT BE AVAILABLE FOR TRAVEL OR PARKING WHATSOEVER. Vehicles must be moved by 7AM on your assigned day & the road will be barricaded off until noon the following day. A tow will be called for any cars left on the road & CHARGED TO HOMEOWNER. Parking rules will not be enforced during this work period & all are encouraged to move all their cars the night before your scheduled work day. Please turn off irrigation 24 hours prior to your area's work day. Emergency vehicles will be permitted.

You are liable for your car & the road if you damage the repair area.
