

Crestview Court Color Pallet

In order to help maintain the appearance of our neighborhood and the property values of our homes while adding some variety, the Board of Directors, in 2010 approved the following new expanded color pallet. Homeowners should refer to this pallet when planning to paint their homes.

Exterior house painting acceptable color selection

- Body colors are limited and restricted to only those colors on the pallet designated for body colors.
- Trim and accent colors are interchangeable
- In addition, trim and accents may be painted the same color
- Must have at least 2 different colors on the house and up to 3 may be used

If you wish to vary from the original or previously painted home color you must submit an Architectural change application for review and approval from the Design Review Committee. The original color pallet for the community will also be acceptable in addition to the new added color pallet.

Note: Numbers are Dunn-Edwards codes
