

Arizona Greens at Foothills Club West

Phoenix, AZ 85045

Painting Rules / Guidelines:

Any approved color can be used for the house body, house trim (including stucco pop-outs), or Front Door (accent) color – “Mix and Match”.

The two different colors selected for the body and trim should NOT be colors that are listed right next to each other on the color list, if they do provide enough of a color contrast between the main body color and the trim color

Examples. DE6206 and DE6214, DEC746 and DEC747

Body color paint: Must be Flat or Eggshell/Satin paint finishes only.

Front and Garage Doors: Flat, Eggshell/Satin or Semi-gloss paints are allowed. Garage doors should be painted the same color as the main body color.

The interior side of any boundary walls around a lot that are visible from the street or neighboring properties should be painted the same color as the home's main body color.

Please submit the Arizona Greens Architectural Paint Approval Request form before completing any exterior painting work on your home.

Additional Information / resources from Dunn Edwards

(as of 1/24/2021, web site content subject to change, please contact the management company if you have any questions)

Arizona Greens HOA paint colors can be found on the Dunn Edwards web site under Color-Ark Pro colors archive

1. Choose **Colors & Inspiration** from the navigation bar at the top of the Dunn Edwards home page:

2. Choose **Color-Ark Pro** under the Color Archives topic on the left side of the page:

3. From the Color-Ark Pro page, click on the **Search by Keyboard** tab
4. Enter **Arizona Greens** in the HOA name field, then click on the Search button
5. Click on the View Details button displayed next to the Foothills Club West / Arizona Greens search result

Additional Information / resources from Dunn Edwards (continued)

The Color Options selection web page should display. Click on each of the **Choose Color...** buttons for the **Main Body**, **Front Door (Accent)**, and **Trim** colors to view and select one of the approved colors:

Dunn Edwards Mobile Apps for iOS (Apple) and AndroidOS based phones

On the Dunn Edwards Instacolor web page are links to the Apple App Store and the Google Play store, for searching for and downloading the **ColorSnap Visualizer** app, which lets you take a picture of your home's color, and matches the color via the **Match a Photo** feature.

Dunn Edwards Color Visualization Tool (<https://www.dunnedwards.com/colors/instacolor>)

This is a great tool to use when you want to see how your color selections will look on an example home. Have the Dunn Edwards paint names or paint numbers you have selected ready to be entered

1. From the Dunn Edwards paint home page, choose **Color & Inspiration**
2. Choose the **Dunn Edwards InstaColor** topic
3. Choose **Color Visualization Tool**

(Note: no login or registration is required, just choose "Continue Without Logging In" button)

4. Scroll down to the **Exterior Images** section, and choose one of the home types, such as Modern, and then choose the Continue button

You will see the home type image displayed on the left, and a Search field and "paint chips" displayed on the right. Enter the color name or number in the Search field. The results list should automatically update and display just the matching colors

Dunn Edwards Color Visualization Tool (continued)

5. Click on the color displayed in the results list. It will be selected as the main body color to start
(Note: the tool refers to the main body color as the “wall” color. The tool will automatically propose the trim and accent colors, but they may not be Arizona Greens approved colors. **Make sure to confirm approved colors**)
6. Click in the Trim color area displayed at the bottom of the screen below the home type picture, to get the tool ready for the selection of the trim color
7. Repeat the search process for your **trim color** choice from the approved colors list by entering its name or number in the search field. Click on the trim color displayed in the search results list.
8. Click in the Accent color area displayed at the bottom of the screen below the home type picture, to get the tool ready for the selection of the accent (door) color
9. Click in the Repeat the search process for your **accent (door) color** choice from the approved colors list by entering its name or number in the search field. Click on the color displayed in the search results list.

To switch colors, just drag and drop new colors onto any of the 3 color squares at the bottom.
