ASSOCIATION RULES AND REGULATIONS LMV HOMEOWNERS ASSOCIATION

UPDATED: 1/08/2018

DESIGN GUIDELINES

The Design Guidelines/Association Rules, as set forth in this document, shall interpret and implement procedures for the Design Review Committee's review and standards, including, but not limited to, architectural design, placement of buildings, landscaping, plant selection, color schemes, exterior finish and material, signage, and wall design. These documents are intended to enhance property values and high standards of development that exist within LMV Homeowners' Association. Unless specifically identified as not requiring submittal for approval within this document, prior approval from the Design Review Committee is required. The Guidelines are established to assist residents in conforming to the standards established, and amended from time to time, by the Design Review Committee. Each application will be reviewed on a case-by-case basis.

GENERAL PRINCIPLES

The Committee monitors any portion of any Lot which is Visible from Neighboring Property. Visible from Neighboring Property is defined in the Declaration as capable of being clearly seen without artificial sight aids by an individual six (6) feet tall standing at ground level, no more than ten (10) feet outside the boundary of any Parcel or Lot or on any public street in or abutting the Property. This would include back yards which are visually open to other Lots or Association Common Areas. The Guidelines promote those qualities in the Westpark Community which enhance attractiveness and functional utility of the Community. Those qualities include a harmonious relationship among structures, vegetation, topography and overall design of the Community.

PRIOR TO THE COMMENCEMENT OF CONSTRUCTION OR INSTALLATION, ALL PLANS MUST BE SUBMITTED, IF REQUIRED, TO THE DESIGN REVIEW COMMITTEE. APPROVAL TO PROCEED SHALL BE REQUIRED IN WRITING FROM THE DESIGN REVIEW COMMITTEE. FOLLOWING THESE GUIDELINES DOES NOT ELIMINATE THE NEED FOR SUBMISSOIN OF PLANS (UNLESS SPECIFICALLY NOTED).

The location of the improvement with respect to topography and finished grade elevation is also considered.

Neither the Architectural Committee, nor the Board of Directors, shall have any liability in connection with or related to approved plans, specifications or improvements. The approval of the plans does not mean that judgment is passed on the structural soundness of the improvement nor its effect upon existing or future drainage. The review of the plans is for aesthetic purposes only.
