

Explore the Perfect Palette in Person

Before finalizing your selections, we recommend that you take your color details to a Dunn-Edwards store to view color chips or get paint samples, which will be a more accurate representation of your chosen colors. To find a store near you, call us at (888) DE PAINT or (888) 337-2468 or visit www.dunnedwards.com.

Recommended products:

- Suprema Premium Interior Paint
- Enso Interior Low Odor | Zero-VOC Paint
- Evershield Premium Exterior Paint

-  - Colors that are more likely to fade early when used on highly alkaline surfaces, such as masonry.
-  - Colors with a low resistance to the sun's ultraviolet (UV) rays, causing them to fade.
-  - Colors that are more transparent and may require multiple coats.

Feature: Natural Sandstone Wall

Detailed description: This block contains two design options for a wall. Each option is presented as a 2x2 grid of swatches. Option 1 (left) features a large brown swatch (1), a white swatch with a black 'X' and 'no' (2), a dark blue swatch with a black 'X' and 'no' (3), and a medium brown swatch (1). Option 2 (right) features a large tan swatch (2), a dark brown swatch with a black 'X' and 'no' (1), a dark green swatch with a black 'X' and 'no' (3), and a tan swatch with a stone texture (2). Below each grid is a list of color codes and product names. The second option includes a 'Feature: Natural Sandstone Wall'.
